

Safe Hands

SAFER SANITISING STATIONS

SAFE HANDS SANITISING

FASTER, BETTER, CHEAPER
for real hand hygiene confidence

EASY TO USE

Touch Free

EASY TO MAINTAIN

6 ½ times less refilling than 1ltr unregulated units

COST EFFECTIVE

63% cheaper than typical unregulated dosage devices
42% cheaper than typical gel foam pouches

BENEFITS

Save thousands on gel costs per annum

Save hours on gel refill times

Sensor touch free operating means:

- Increased hygiene confidence
- Additional speed for high traffic areas
- No mess around station.

"The SHS Station is superb, it builds customers confidence with fast touch-free dispensing, and we are now only using one third of the gel with the dosage control."

Majella Caffolla (Manageress)
